

All-in-One Touch POS System

HK718E

■ Reliable Fan-Free Design

Fan-free design, perfect for harsh and rough industrial environments

■ Compact All-in-One

Compact footprint which includes thermal printer, MSR and RFID*.

■ High Performance & Eco-Friendly

Embedded with powerful yet energy-efficient Intel Quad Core CPU

■ Easy Maintenance

Easy to maintain key components

HK718E Touch Screen POS System

HK718E Touch-Screen POS System features the Intel Quad-Core CPU which delivers stable quality and fan-free operation with All-in-One module to meet the needs of most retail, hospitality & entertainment environments. The HK718E Touch-Screen POS System is a cost-effective solution which features design that allows easy module removal and replacement making it easy to maintain the system.

Key Features

■ Intel® Celeron® Quad-Core

HK718E Touch-Screen POS System is designed to deliver quiet operations, thus reducing distractions, costs and failures. Equipped with High-performing Intel® Celeron® Processor J1900, it allows for faster operations, reliability and stable quality

■ Innovative Module Design

The HK718E Touch – Screen POS System features a unique and convenient module include printer, MSR and RFID all in one concept to provide cost effective solution.

■ 14" TFT LCD Capacitive Touch

The HK718E Touch – Screen POS System features a 14" Wide Screen Capacitive Touch – Screen for Operator Display which provides a smooth and seamless surface. It is resistant to water, dust, grease and food build-up and fulfills the needs of market.

■ Enhance Security

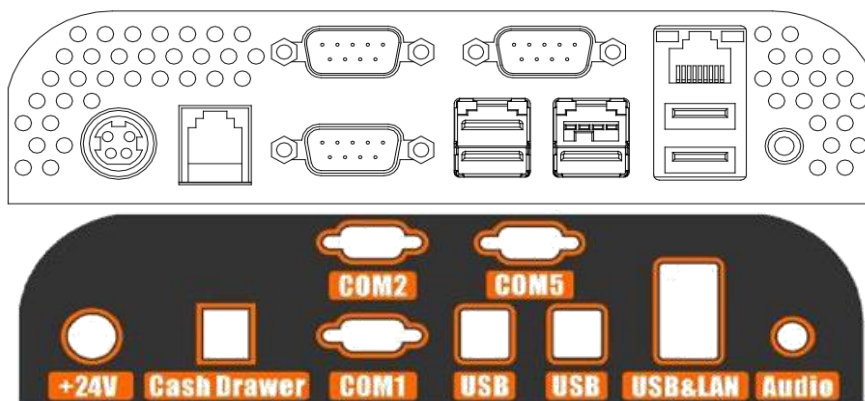

The HK718E Touch – Screen POS System comes with various modular options such as RFID and fingerprint scanner for security enhancement.
